GERRY0509 The U.S. Supreme Court recently ruled in a case called Louisiana v. Callais that Louisiana's congressional map - which had created a second majority-Black district - was an unconstitutional racial gerrymander. The ruling narrows when states can use race as a factor in drawing district lines. In your view should race should be used as a determining a factor when drawing Congressional districts or not?

DOJ7 Unlike similar government settlement funds in the past, the Anti-Weaponization Fund will not be subject to oversight by a federal court and will be fully in the hands of the administration. Does the absence of judicial oversight over how funds are distributed make you more or less supportive of the fund?
