BUDGET1104 Congress has to pass a bill by December 7th to fund the government or the government will shut down. Many agencies, including high profile entities like the Department of Homeland Security, will shutdown until this issue has resolved. Donald Trump has threatened to veto any bill that does not include funding for a border wall. Democrats have indicated that they will add a measure protecting Special Counsel Robert Mueller's investigation to the spending bill and do not support funding for a border wall.

Should Congress and the President work to compromise to avoid a government shutdown or should they stick to their principles even if it means shutting down the government?

INV0902 Recent news reports say that Rod Rosenstein right after James Comey was fired as director of the FBI suggested secretly recording President Trump and using the 25th amendment to remove President Trump from office. Does this disqualify Rosenstein from overseeing the Special Counsel's investigation, or is it not relevant?
