

HARVARD HARRIS POLL

Field Date: May 18-20, 2017

SURVEY METHOD

This survey was conducted online within the United States between **May 18-20, 2017** among **2,006 registered voters** by **The Harris Poll**.

Results were weighted for age within gender, region, race/ethnicity, marital status, household size, income, employment, and education where necessary to align them with their actual proportions in the population. Propensity score weighting was also used to adjust for respondents' propensity to be online.

Pollsters Mark Penn, Prof. Stephen Ansolabehere, and Dritan Nesho supervised the poll.
