Monthly Harvard CAPS-Harris Poll: June 2023

This survey was conducted online within the United States from June 14-15, 2023 among 2,090 registered voters by The Harris Poll.

The results reflect a nationally representative sample. Results were weighted for age within gender, region, race/ethnicity, marital status, household size, income, employment, political party, political ideology, and education where necessary to align them with their actual proportions in the population. Propensity score weighting was also used to adjust for respondents' propensity to be online.
