ISR0907 The plan calls for all hostages to be released immediately and for Hamas to lay down its weapons and leave. In exchange Israel would release over 1,000 prisoners. Arab governments and representatives of the US would help administer Gaza as Israel withdraws. A security buffer would be set up and a path would be provided for a Palestinian state so long as Israel was recognized by the Palestinians and groups within the country give up trying to destroy Israel. In general, is this a plan you support or oppose?
